UNITED STAGE WORKSHOPS

UNITED STAGE SPECIAL WORKSHOPS ARE GROUPED BELOW.

This year, members of United Stage are participating in our Festival by providing a series of 10 one hour workshops highlighting the contributions of Viola Spolin to our art. These amazing performers are Spolin educators have been working together for decades and teaching internationally.

Please sign up for as many sessions as you wish. They are being offered free to VIF 2021 festival participants.

All times listed in Eastern (New York) time

There is plenty of space in each workshop. My intention was to have every participant have a chance to take at least one of these workshops. You should have been assigned to at least one but it was done arbitrarily and in some cases it may conflict with your intensives or workshops. Please attend the ones your name is listed in if you have no festival conflict. If you are not listed at all, or have not been notified of a place, please just pick at least one that works for you. You are welcome to sign up for the sessions they find interesting until the sessions fill.

Max Shafer is now spearheading completion of the all these class rosters. Please, contact him at max7@aol.com and he will make sure to add you to the classes of your choice. Please also send him a message to confirm whether or not you will attend your assigned session(s).
